WOMAN AND A GUN

Make Trouble Saturday Evening
in the Hub Saloon on
Market Square.

MRS. SNYDER IS BOUND OVER

Charged With Assault Upon Husband
—Trouble Begins in Wine Room
—He Tells Story.

Mrs. Myrtle Snyder, wife of McClelland Snyder, who was former proprietor of and is now connected with the Hub saloon on Market square, was bound over to the grand jury this morning. Her bond was fixed at \$200, and in default thereof she went to jail, where she spent Sunday, the arrest having been made Saturday night by Constable Goldberg upon complaint of her husband. She is charged with assaulting him with a revolver.

Trouble in Saloon.

"I was in a wine room with a young man and young woman who had invited me to drink with them," said Mr. Snyder in testifying this morning. "She came to the door and told me to come out. I replied that I would not, that they had asked me to drink with them. Then she went away and came with a man. I know him, but I do not know his name. They sat down at a table in the same wine room. She commenced calling me all kinds of names. I answered her with about the same kind. After a time the man with her went out and she remained. She said to me, 'Give me a glass of beer.' I told her she could have the beer, but she need not be so cross about it, and I gave her a glass.

Gets a Gun.

"She wanted another and I told her she had had too much already, that that was what was the matter with her. She went out and said she had been laying for me for three days and would get me. In a few minutes she came back and pulling a revolver from her handbag, said, 'Damn you, I've got you.' I threw my arms around her and called to one of the boys to take the gun away, which he did."

H. M. McCaskin appeared for the defendant and asked for a change of venue, but Justice Johnson, by whom the warrant was issued refused to grant the change, ruling it could not be demanded in a preliminary hearing.

RAILWAY MEN GO FISHING

Return from Same Old Place With Same Old Stories.

A party of about fifteen railway men of the three cities and Peoria and Des Moines spent Saturday and Sunday at Spirit Lake, Iowa. The local men, who are all officers of the Rock Island, returned this morning, and brought back with them quite a quantity of fish. E. L. Goff, commercial agent of the Rock Island, sets up the claim to the biggest fish, a "smoke" of pickerel, 28 inches long and weighing four pounds. But then, every other member of the party makes the same claim.

OPEN AN OUTDOOR
SUMMER THEATRE

Manager Erb of Crystal Gives People Novelty During Warmer Months—South of Harper.

Manager Edward Erb of the Crystal vaudeville theater is completing arrangements for the leasing of the vacant lot just south of the Harper house on Nineteenth street, which he has leased of Charles McHugh for a good price for use as an open air vaudeville theater during the summer. Mr. Erb last fall opened the Crystal theater in the Fries building, and the vaudeville house has been so successful that he has decided to continue the show throughout the summer in the open air. The only part of the theater that will be covered will be the stage, which will be much larger than at the Crystal. Seats for about 1,400 people will be provided. The opening of the outdoor theater will be June 4. The vaudeville will be run along the same attractive lines that the Crystal has been during the winter. The outdoor theater is unknown in this section of the country, though it has proved very successful in the south and southwest.

INTO DEEP WATER

Peter Zonachias Drowns After Jumping Into the Quarry Hole.

BODY TAKEN OUT WITH HOOK

Comes In Contact With Cold Water From Springs—About 18 Feet Deep.

Jumping into the water in the old quarry at Sylvan Island, near the eastern city limits, Peter Zonachias, a Greed laborer, sank to the bottom of the pit, and a short time later his body was pulled out with a drag hook. The young man, with several other Greek laborers who live in the little huts near the tail race, went to the quarry hole yesterday afternoon about 3 o'clock, intending to enjoy a bath and swim in the cool water. Zonachias had removed his clothing and leaped into the water. He sank to the bottom and did not rise to the surface again. His friends, becoming alarmed, summoned the Moline police and workmen nearby, and in a short time recovered the man's lifeless body.

Water is Cold.

The water is about eighteen feet deep at this place, and is extremely cold, being supplied from several springs at the bottom. It is probable that in reality the young man's death was due to some other cause than the filling of the lungs with water, probably to the shock of the sudden contact with the extremely cold water. Zonachias was 23 years of age, and had been in this country only about eighteen months. He leaves a wife and family in Greece. The remains will be buried in Moline.

She was 67 years of age, having been born March 13, 1839, in Saxony, Germany. She came to the United States in 1872, her home for some years being in Iowa. In 1888 Mr. and Mrs. Gotthardt removed to Rock Island. Her husband, the late Gustav Gotthardt, died 10 years ago in this city.

Walsh Funeral.

Yesterday afternoon from St. Joseph's church occurred the funeral of David Walsh of Block Hawk township. The interment was made at Calvary cemetery, the Rev. Father Quinn officiating.

The pallbearers were William Hickey, Fred Brooks, John Murphy, and Thomas Murphy, of Davenport, and John Pearson, and John K. Scott of this city.

Mr. Walsh had been a resident of Block Hawk township for over 45 years being one of the pioneer citizens of the county, and during a number of years actively operated coal mines on his own premises. He removed from Ireland, where he was born, to Pennsylvania, and was one of the forty-niners in California, having made a voyage around the horn to reach there. He amassed a considerable sum in mining and returned to Ireland where he remained for a couple of years, and later returned to America coming direct to Rock Island county where he remained.

Mr. Walsh has held many positions of respect and importance in civic affairs in his home township, and was highly respected by all who knew him as an upright man.

Rheumatism Cured in 24 Hours.

T. J. Blackmore, of Haller & Blackmore, Pittsburg, Pa., says: "A short time since I procured a bottle of Mytic Cure. It got me out of the house in 24 hours. I took to my bed with rheumatism nine months ago and the Mytic Cure is the only medicine that did me any good. I had five of the best physicians in the city, but I received very little help from them. I know the Mytic Cure to be what it is represented and take pleasure in recommending it to other poor sufferers." Sold by Otto Grotjan, 1501, Second avenue Rock Island; Gust Schlegel & Son, 220 West Second street, Davenport.

A Millinery Sensation.

ONE of the largest and highest class wholesale millinery houses in the United States came to us with an offer to sell us a certain number of their best and finest tailor-made and mid-summer dress hats at a cash price concession, which fairly astonished us; as the reputation of the exclusive style productions of this house is well known from coast to coast.

We were very naturally highly pleased with their offer, so much so, that we could barely maintain a composed countenance or a straight face while we were negotiating for the exact quantity of correct and beautiful hats for which they are so celebrated.

We however, closed the deal just to suit us, and the transaction includes several hundreds of the season's latest and best modes, which we now place before our friends with the offer to divide our good fortune among the many patrons of this store.

To those who respond promptly, there's a chance to select a most dressy, stylish and exclusive hat, as here are many models but one of a kind, and the remarkable values will cause them to go fast.

There are many light summer shades: white, champagne, light blue, pink, rose, burnt, natural, etc., etc., of horsehair, broadcloth, silk braid, Milan straw, chip, etc.; in the stylish new sailers, the Elsie Janett, the Peter Pan, and many more of the ultra extreme models, and entirely new effects.

This marvelous offering should make much interesting history for our big Millinery department.
